Keypiece Management Desk

EOOS

DESCRIPTION

The art of lightness. The Keypiece Management Desk creates space. For thoughts, ideas and discussions. Modern in measure and design, inviting in expression. The geometry, harmony and fineness of the proportions of table top and legs – all this gives the range its particular elegance. Clean, soft lines meet excellent craftsmanship, high-grade materials give expression to shapes and surfaces. As a wooden table, Keypiece Management radiates warmth: the accompanying solid wood legs and matching surface veneers ensure a natural, very high-quality feel.

A useful tool for everyday working: the container. The Keypiece Management Desk supports routines and welcomes users and guests alike. For the self-employed and freelancers, both in the office and at home.
