Kyle

Rodolfo Dordoni

DESCRIPTION

A real jewel-accessory created with the same focus on proportions and crafting techniques.

With its Modernist minimal design and use of materials, the Kyle coffee table has a metal frame, with chrome finish, which accommodates a square top with rounded corners and smooth edges. The texture is the distinguishing feature of the wooden top in brushed oak with Moka lacquer finish; on the other hand, luxury characterizes the version in Calacatta marble. Kyle is available in two heights to better fulfill the requirements of its role as valuable side table set alongside armchairs and sofas.

FEATURES
