

# minima

# Lancaster Chair

Michael Young

## DESCRIPTION

You might have noticed the Emeco factory is close to Lancaster, Pennsylvania. A place also famous for Amish woodworkers. So we didn't have to look far for excellent and responsible wood sourcing.

Lancaster features a locally sourced, sustainably harvested ash frame with recycled die-cast aluminum seat and back - a solid combination of craftsmanship and industrial technique.

## DIMENSIONS

20"W x 18.5"D x 30.5"H x 18"SH

## FEATURES

- frame made of wood in light or dark ash
- aluminum seat available in polished or 2 powder-coated colors: dark gray or light gray
- stackable up to 6 high
- also available as bar or counter stools, or table
