Lancaster Stool

Michael Young

DESCRIPTION

You might have noticed the Emeco factory is close to Lancaster, Pennsylvania. A place also famous for Amish woodworkers. So we didn't have to look far for excellent and responsible wood sourcing.

Lancaster features a locally sourced, sustainably harvested ash frame with recycled die-cast aluminum seat and back – a solid combination of craftsmanship and industrial technique.

FEATURES

- frame made of wood in light or dark ash
- aluminum seat available in polished or 2 powder-coated colors: dark gray or light gray
- also available as a chair or table

DIMENSIONS

- Counter Stool: 22"W x 18.5"D x 37"H x 24"SH
Barstool: 22"W x 18.5"D x 43"H x 30"SH
