Lawrence "Clan" Elements

Rodolfo Dordoni

DESCRIPTION

A seating system with a classic-modern spirit, built upon a clustering of generous yet sleek shapes that describe distinctly horizontal lines. Lawrence embraces its bold, self-assured personality and adds to it an array of pieces that make it extremely versatile and allow for the creation of multi-functional compositions that bring understated elegance to settings that reflect different tastes.

Lawrence comes in two versions, with either a high or low armrest. Each one correlates to a different design aesthetic. The high armrest is thinner than the low one which, in addition to being more substantial, is the perfect place to rest the cushion in order to lie comfortably on the sofa.

The elegant metal perimeter frame with Black-Nickel finish emphasizes the formal aesthetic of the Lawrence sofa, while a set-back perimeter base in metal alloy with painted black finish supports the sofa and gives it the appearance of floating above the floor. This eminently sophisticated detail also performs the function of protecting the lower part of the sofa.

Lawrence is the quintessential expression of bespoke design, a quality inherent to every product the company makes. It takes inspiration from the infinite care that goes into making the finest leather goods. The refined stitching that embellishes the Lawrence seating systems exemplifies refined taste and is the product of highly-skilled artisan craftsmanship that blends technical excellence and an enlightened appreciation of tradition. Savoir faire and creative inspiration produce the highest quality items whose value is enhanced by the use of Cervo leather, a natural, luxurious material, distinguished by extraordinary softness and unmistakable grain.

With their well-defined shapes, the "Clan" elements lend themselves to compositions that express a more dynamic and informal interpretation of the living room.

The one-piece seats feature stitching in graphic, modern square-shaped designs. This refined tailoring detail epitomizes the company's skill in drawing upon tradition to bring new vitality to an ancient technique like embroidery, through an unhesitatingly contemporary interpretation of style.
