DESCRIPTION

The Lelong coffee tables, inspired by the lightness of Scandinavian design, have thin tubular legs in Black Coffee finish with polished Pewter tips supporting lacquered, wood or marble tops.

The Lelong family boasts an extensive range: a full series of different sizes and finishes with square, round and rectangular tops that make it particularly versatile and suitable for use as a coffee table, side table or console. The coffee table design also includes a version with two staggered shelves of different heights that intersect to create a sculptural piece of furniture with multiple possibilities of use.

Its slender, light design offers an ideal contrast when set alongside the more generous volumes of the Horizonte seating system by Marcio Kogan / studio mk27 and the Goodman seating system by Rodolfo Dordoni: a balance of shapes and proportions that makes the living space even more dynamic and elegant.

FEATURES

- Single Top Finishes:
 - glossy lacquer finish in Cappuccino, Chestnut, Army Green, Malachite or Moka color
 - ash veneer with open-pore Licorice color lacquer finish
 - Canaletto walnut veneer, stained Dark Brown with polyester matt lacquer finish
