

MINIMA

Liam

Rodolfo Dordoni

DESCRIPTION

With its minimal shape, exquisite materials and sophisticated finishes, Liam adopts an architectural approach to design, expressed in its rational forms.

The family of Liam coffee tables is characterized by the airy 1 cm square steel structure, which designs a lightweight volume, defined by a glossy Pewter color finish. It hosts a top in Calacatta marble, Grigio Orobico marble, Black pâte de Verre glass or brushed oak with Moka color lacquer finish. In some elements, it also accommodates a lower, wooden surface for holding books, magazines and objects, also in brushed oak with Moka color lacquer finish.

Liam comes in a range of different sizes, with a square or rectangular shape, which can be used together to design original configurations, also matching them with tops of different materials.

DIMENSIONS

16" x 16" x 16"H

16" x 16" x 23"H

31.5" x 31.5" x 11"H

47" x 47" x 11"H

63" x 31.5" x 11"H
