# Linha

Marcio Kogan / Studio Mk27 Design

## **DESCRIPTION**

Minimalist, with elegant proportions, the Linha coffee tables are the expression of a design approach that focuses on the architecture of the product and its creation with carefully worked materials.

The Linha family welcomes coffee tables that reiterate the aerial line of the dining table, designed by a thin marble top only 16 mm thick. The coffee tables come in a variety of different sizes and geometric shapes – square, rectangular, circular and oval -, spotlighting the exquisite visual qualities of the marble.

The stratified bearing structure with matt black lacquered finish features thin aluminum sides with a vanished golden brown finish and a top in Grigio Orobico or Sahara Noir marble.

The coffee tables can be joined to create larger surfaces and design variable compositions with a striking impact, thanks to the effects created by the open and closed volumes of their bridge-like frame.

## **FEATURES**

- Top finishes:
  - Sahara Noir marble
  - Grigio Orobico marble
- Sides: aluminum, varnished Golden Brown color

## **DIMENSIONS**

- 31.5" x 31.5" x 11"H  
47" x 47" x 11"H  
47" x 23" x 11"H  
47" x 31.5" x 11"H  
55" x 19" x 14"H  
63" x 31.5" x 11"H  
Ø 51" x 11"H  
Oval: 71" x 25.5" x 11"H
