Lullaby

NICOLA GALLIZIA

DESCRIPTION

The small Lullaby lounge chair, with its unusual con-
dure and inclination, evokes the comfort and the act
of cradling. Its immediate and pleasant-sounding name is
almost onomatopoeic: the "L" recalls the shape of the
wooden legs, while "U" identifies the couch on the floor
plan, in addition, to recall a rocking motion. A small
object of desire with an off-plan shape that captures the
gaze despite its small dimensions. Lullaby reveals
sophisticated details behind its apparent simplicity, such
as the small supporting foot in cuvée painted metal, the
ash solid structure and the covering in soft fabric, leather
or eco-leather. This is a particular homage by Porro and
the designer to the Bauhaus and its diktat of reconciling
functionalism and formal purism, in an ideal fusion of
artisanal artistic creation and industrial production.

FEATURES

- Structure: Ash solid-wood
- Back and seat: Iron frame with elastic belts foamed with polyurethane foam
- Finishings: Black stained ash and natural ash
- Covering: Fabric, leather or eco-leather

DIMENSIONS

- 29"W x 32"D x 35"H
footstool: Ø27.5" x 14"H
