Mattia

Rodolfo Dordoni

DESCRIPTION

Mattia is inspired by the reinterpretation of a creative sign from the early Seventies, offering a modern take on a design from the Minotti archive.

The finely contoured shell accommodates the seat, opening up like a corolla to host the original roller feature of the backrest. Formal solutions reminiscent of sculptures and the balance between the rigid structure and the suspended volume give life to seats with a soft, enveloping look.

The family comprises a three-seater sofa, an armchair and swivel lounge armchair, available with leather shell and fabric-upholstered seat and backrest, or with total fabric or leather covering. Conceived as precious details to streamline and lighten the design, the steel feet jetting out from underneath sport a shiny Black-Nickel finish. The swivel base of the lounge armchair is available in the same finish.

FEATURES

- Base: steel, Black-Nickel finish
- Available in wide range of Fabric and Leather
- Structure, seat cushion and backrest covers are completely removable, in both fabric and leather
- Available as armchair as well

DIMENSIONS

- 71" x 33.5" x 26"H x SH 17"
