## DESCRIPTION

Mattia is inspired by the reinterpretation of a creative sign from the early Seventies, offering a modern take on a design from the Minotti archive.

The ensemble is completed by a series of round, rectangular and square coffee tables in different sizes and heights, available in three versions: with top in Calacatta marble or black pâte de verre - inserted in a frame in brushed ash wood featuring a Licorice color lacquered finish - or entirely in brushed ash wood with Licorice color lacquered finish.
