# Metis Soft

Wittmann

## **DESCRIPTION**

METIS SOFT makes everything right. There is no setting that can fail to be flattered by its gently rounded form. It benefits from an artistic touch resulting in a design that is simple at the same time as being unique in appearance. The latter is achieved with precise piping along the front seam of the headboard. What might at first glance seem like the most obvious forms are often the most versatile, because they offer the greatest flexibility when it comes to settings. METIS SOFT can demonstrate effortless independence when unadorned, but can also easily support a huge, playful mound of cushions.
