

minima

Minima

Fattorini+Rizzini+Partners

DESCRIPTION

Minima is A modular structure with compartments that can be created with drawers, doors, sides and backs. The possibility of using the units both back and front makes this design suitable as a room divider in both home and working environments.

FEATURES

- made from extruded anodized aluminum
- retractable drop-front doors
- drawers with special aluminum front panels have bodies made entirely in anodized aluminium with totally extractable guides
- drawers come in sets of two or three per compartment
- CD rack may be fitted in the two- drawer set by replacing one or both of the standard drawers with one with an equipped bottom
- handles in extruded anodized aluminum

DIMENSIONS

available in a wide range of dimensions and configurations
