Helmut Scheufele

DESCRIPTION

The Walter Knoll carpets were developed in collaboration with fabric designer Helmut Scheufele and are inspired by the wealth of shapes and colours in Africa. They take their strength from the source of creativity of that continent, transposed into valuable, timeless design. The delicate shades of pink are reminiscent of reflections at sunset, where suddenly a green thread twinkles in a sea of warm sand colours. Individual carpet pictures full of naturalness and elegance.

FEATURES

- handmade in Nepal
- 55% wool, 25% nettle, 20% silk

DIMENSIONS

available in custom sizes
