NEVE

Piero Lissoni

DESCRIPTION

Neve, a seat with rigorous yet soft lines, reinterprets the classic wooden chair in a contemporary vein. The support structure is characterised by a format of distinct lines of various thicknesses, which give it a pleasant aerodynamicity, and the roundness of the spindle legs and the slim curvature of the back and suspended seat make soften its figure. Available with and without arms in black stained ash, red stained ash, white stained ash and natural ash, that accentuate its decoration and at the same time ensures its elegance, giving it a vintage 1950s appearance.

FEATURES

- structure in ash solid-wood
- back and seat in curved plywood
- available in black stained ash, natural ash, red stained ash, and white stained ash finishings

DIMENSIONS

With Arms

W 22.8" x D 17.7" x H 29.7"

Without Arms

W 19.6" x D 17.7" x H 29.7"
