NJP Mini

nendo

DESCRIPTION

NJP Mini is designed for Louis Poulsen by the prestigious Japanese design studio Nendo. In essence, the fixture is a modernistic take on the classic NJP architect lamp in downscaled proportions – minimalistic and functional. This small size makes NJP Mini a perfect fit for a windowsill, a larger bookcase, a dresser, on a bedside table or a smaller desk, where it can create a soothing ambience in private homes as well as in cafés, hotel rooms, offices, lounge areas etc.

NJP Mini comes in the contemporary colours Rose brown, Soft pink, Petrol blue and Taupe – as well as in the classic colours Black, White and Light alu grey. The white painted inner side of the shade reflects the light comfortably, and the head is designed to tilt and rotate, allowing you to direct the light where needed.
