# Paradise Bird Desk

Luca Nichetto

## **DESCRIPTION**

The asymmetrical desk of the PARADISE BIRD collection by Luca Nichetto invites for interaction with its sinuous curves and elegant lines. The iconic workplace with fronts in black stained ash or natural walnut, a refined matte coated black surface, two-tiered with a shelf for organization and storage, is supported by the fine metal structure typical of the collection and reminiscent of a volière. Seamlessly integrated into the side panels is a smooth-running drawer that completes the masterful craftsmanship in the truest sense and perfect form. High school of design for a stylish workspace in the home office.
