Pillow vessel

SkLO

DESCRIPTION

SkLO *pillow* vessels are oval and square shaped vessels whose ends are pulled into points. Each vessel is internally-mirrored. The mouths are ground flat and polished. The internal mirroring is delicate and makes these pieces unsuitable for functional use, arrangements, or holding liquids. Intentionally irregular, no two exactly alike.

DIMENSIONS

square: 5.5"H x 12"W

tall: 10"H x 11"W

short: 7"H x 16"W

FEATURES

- Available in silver only
