Reeves Bed

Rodolfo Dordoni

DESCRIPTION

Reeves is characterized by an enveloping headboard that is enhanced with constructive details that reveal an aesthetic language, lush with fine-tailoring content and that imbues classic shapes with a contemporary edge.

FEATURES

- free-standing bed frame in thick plywood padded in high resilience, variable-density polyurethane foam
- base in extruded aluminum with extra-glossy anti-fingerprint Pewter color finish
- completely removable upholstery in leather or fabric

DIMENSIONS

available in a wide variety of dimensions
