Showtime Vases

Jaime Hayon

DESCRIPTION

This happy encounter between a young designer and a veteran producer has led to the birth of a furniture collection meant for the home, but which has the adaptability and the personality needed for contract furnishing. The Showtime vases are part of a collection in which plastics consort with upholstery, the gleam of lacquered wood and the tradition of fine ceramics.

FEATURES

- made in two pieces in enamelled stoneware porcelain
- monocolour (interior and external in white) or bicolour (interior in white and external in different colours)
