# Solid Steel

Rodolfo Dordoni

## **DESCRIPTION**

The Solid Steel family of coffee tables is characterized by its clear 1970s inspiration: glossy and mirrored finishes, rigorous, overlapping and staggered volumes recreate a strong yet minimal architectural geometry, which perfectly complements different styles of living areas.

The Solid Steel coffee tables are parallelepipeds with one or two staggered levels; in the two-volume version, the finishes of the higher top are glossy lacquered Moka, Cappuccino, Malachite, Chestnut, or Moka open-pore lacquered ash, while the lower volume has the Mirror steel frame with mirrored top.

## **FEATURES**

- Higher top finishes: Glossy lacquered Moka, Cappuccino, Malachite, Chestnut, or Moka open-pore lacquered ash
- Lower volume finishes: Mirror steel frame with mirrored top
- Single volume table finishes: frame is in mirror steel or polished Bronze, top in Arabescato Carrara marble, Nero Marquina marble or mirror.

## **DIMENSIONS**

- Two-volume version 12"H: - 51 1/8" x 41 3/8", top table 35 1/2" x 35 1/2"  
-51 1/8" x 41 3/8" with top table 41 3/8" x 41 3/8"; One volume version 10"H:  
-51 1/8" x 41 3/8"  
-51 1/8" x 51 1/8"
