Storet

DESCRIPTION

A playful, spirited pillar of drawers, the Storet cabinet epitomizes the visionary touch of Nanda Vigòs designs, now modernized with a brightly lacquered wood contrast and brand new proportions. In both its elongated vertical edition, and in the nightstand designed by Vigo but manufactured for the first time only now, the Storet reflects today's advances in production, with the walnut's visible grain illuminating Acerbis's modern expertise in utilizing extensive wood surfaces. The cabinet, though made entirely of a single material, creates a potent game of colorplay, tempered by the pacifying shades and the natural quality of the wood.

FEATURES

- A chest of drawers' system made of medium-density wood fibre with open grain brushed veneer in black ash and dark stained walnut finishes
- The drawers' moulding is available in glossy lacquered burgundy, pink, dark green, mustard yellow, brick red, clay, white and black
- Drawers can be partial extracted, with interior made of open grain veneered plywood in black stained ash wood.
