Su Low Table

Emeco

DESCRIPTION

With the invisible values of design, engineering and strength, the SU Collection follows the Japanese aesthetic of 'su' — meaning plain or unadorned — the idea that simplicity is not only modest, but could possibly be more appealing than luxury. SU is made of reclaimed and recycled materials discovered through the ongoing exploration of eco-conscious resources. SU is made from reclaimed lumber and will show markings from its previous life, which may include color variation, worm holes, nail holes, mixed grain patterns, and weathering from age. We embrace these imperfections as part of the character and beauty of reclaimed wood

FEATURES

- frame made of recycled aluminum with hand brushed or dark powder-coated finish OR wood
- top in laminate in 3 colors: Gray, White, or Black
- also available as a cafe table, low stool, bar or counter stool

DIMENSIONS

- 21.6"W x 21.6"D x 18.5"H
