T-Gong

Bavuso Giuseppe

DESCRIPTION

The inspiration for the tables comes from the famous gong percussion instruments. Bavuso Giuseppe designed the T-Gong, a transposition of the ancient musical tradition in modern architecture: the metallic discs are transformed into tables. The T-Gongs look beautiful in a set of various heights or individually.

FEATURES

- top and base in the following finishes:
painted steel with a metallic bronze satin finish, stainless steel with "Peltrox" finish or painted satin steel with Copper-colored finish
- brass satin inserts
