Trama Legno

DESCRIPTION

Minimalism reveals a sensational character. A modern interpretation of the classic four-legged bed; its fresh design boasts clear, clean-cut, lines. The leitmotif consists of an interplay of slanting boards which gives the whole frame an almost graphic appeal. The bed base frame and the headboard form a single, seamless and dynamic profile that enhances the solidity and natural beauty of the handcrafted solid wood. The same material and forms are picked up on the feet.

FEATURES

- The bed frame is available in wood: Rovere Naturale, Canaletto, Rovere Tabacco, Borgogna, Rovere Fumo, Rovere Laguna
