

minima

# Void

Tom Dixon

## DESCRIPTION

Inspired by the Olympic medals, Void is a mysterious lighting object. This pendant light is made from solid brass sheets which are pressed, spun and brazed. The double walls reflect and soften the light emitted from a concealed halogen bulb. Hand polished to create a mirrored surface. Perfect for above a dining table or hung in multiples using our Pendant System.

## DIMENSIONS

Void D11.8" x H8.27", cable L98.4"; Void Mini D6.1" x H8.27", cable L98.4"
