Wrap Pin Pendant

SkLO

DESCRIPTION

A SkLO *large wrap* is suspended from a brass "pin", made of a continuously curved brass bar. The "pin" overlaps at the bottom, allowing for removal of the glass element. Three standard overall drop lengths available: 30" with only the "pin"; 36", 42" and 48" drops available with a rigid brass stem extension. The socket is housed in a brass cup, hung independently on its own exposed fabric-wrapped electrical cord, suspending the bulb within the *large wrap* glass element. Handblown glass, no two exactly alike.
