Yoko Dining

INODA+SVEJE

DESCRIPTION

Yoko, light and elegant seating design; a Japanese name and Scandinavian lines that come together in a piece of furniture with an aesthetic matrix, flavored by both cultures.

Delicate and sinuous lines, created with precious cabinet-making interlocking techniques that enrich the structure of legs and armrests in solid ash open pore wood lacquered with a Liquorice colour, or in solid Canaletto walnut stained Light Brown, a chromatic choice that lends a more decisive tone to the elegance of the silhouette.

The wooden frame has a joint where the leg meets the armrest, both at the front and at the back: a structural joint that becomes decorative thanks to the clever use of the wooden material. In this project, the great expertise in woodworking that has always been characteristic of Nordic and Japanese craftsmanship meets the historical know-how of a Made in Italy company that has been an expert in exquisite upholstered furniture for decades.

FEATURES

- The structure in solid ash open-pore wood lacquered with a Liquorice color or in solid Canaletto walnut stained Light Brown
- Available as a lounge armchair, ottoman bench and outdoor versions
